Technical data	
Ingredients	<p>Other ingredients Alcohol Denat, Aqua, Panthenol, Glycerin, Cetyl Alcohol Propylene Glycol, Acrylates/C10-30, Alkyl Acrylate, Crosspolymer, Aminomethyl, Propanol</p> <p>Active ingredient Alcohol Denat. 80 g/100g</p>
pH	~6.5
Method Of Use	Ensure hands are clean and dry before use. For general hygiene: Apply 1-2 doses (entire hand should be wetted) and rub well until dry (15-30 seconds). For disinfection according to EN1500: Apply enough product to wet all parts of the hands for 30 seconds. Rub until dry
Shelf Life	Expiration date of 36 months after production is printed on inner packaging. 12 months from opening. Store in original container. Protect product from excessive sunlight. Avoid temperature extremes and store between 4°C and 30°C.
Handling Instructions	Use disinfectants safely. Always read the label and product information before use. Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. For more information, please refer to the Safety Data Sheet. May discolour certain fabrics or surfaces.
Regulatory Compliance	The biocide products commercialised under the Tork brand are in compliance with the Biocidal Product Regulation (EU) No 528/2012 and are approved for human hygiene purposes. The products are registered and authorised in the respective countries, where the products are sold. The products are in conformity with the REACH regulation (EC) No. 1907/2006 and its amendments. All non-biocidal ingredients are in compliance with the Cosmetic Regulation (EC) No. 1223/2009 and are considered as safe for human health when used under normal or reasonably foreseeable conditions. The biocide products are manufactured in accordance with good manufacturing practices (GMPs).
